

Snowflake Dance

Put on some winter music and tell children that they are snowflakes. Have them dance to the music like snowflakes falling to the ground.

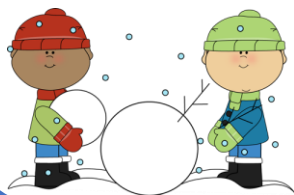

What's Missing?

Place several winter related items on a tray. Remove one item and have the children guess what is missing.

Snowball Transfer

Place cotton balls and a bowl on a table. Have children use straws to transfer the cotton balls to the bowl.

Snowman, Snowman - Where's Your Nose?

Played like "Doggie Doggie, Where's Your Bone?" but with a Carrot:

*Snowman, Snowman, Where's Your Nose?
Somebody took it from your home.
Upstairs, Downstairs, by the phone...
Wake up Snowman, Find your Nose.*

Polar Bear Says

Play like Simon Says but with winter movements (fall like a snowflake, freeze like an icicle, glide like an ice skater, etc.)

Penguin Waddle

Have children put a balloon or rubber ball between their knees and try to 'waddle' around like penguins.
